## LHC start-up, beam on Sept. 10th (2008)

Contributed by fawzy Saturday, 16 August 2008 Last Updated Sunday, 17 August 2008

## CERN

has announced that the first attempt to circulate a beam in the Large

Hadron Collider (LHC) will be made on 10 September. See the official press release. More news on the LHC start-up can be found here.
